

When booking with Sarah Larvin you agree to the following:

I will provide an accurate medical history and advise the permanent makeup artist of any changes in my medical history before my appointment.

I understand I must keep the treatment area out of the sun for 4 weeks whilst healing. I will follow the aftercare advice given.

I understand that whilst every effort is made by the permanent makeup artist for the best results, that permanent makeup is not an exact science and healed results can vary from person to person.

I understand that permanent makeup is a form of cosmetic tattooing and that whilst the pigments are designed to fade, there may always be a trace of pigment left in the skin.

I understand that there are limitations to the colours that can be used based on my skin tone and colourings and will be advised what is reasonably achievable by the permanent makeup artist.

I understand I must have a patch test a minimum of 48 hours prior to any new treatment and it is my responsibility to advise the permanent makeup artist of any adverse reactions.

I understand that pictures will need to be taken for records of the treatment and they may be used on social media.
